

**EDUCO**  
**CANADA**

Board Bio:

Danielle Kidston

Better known as Dani, I've been interested in adventure since I was a child. First it was exploring my back yard in the Cariboo- especially climbing a favourite oversized pine tree. Later- the adventure was planting trees through out the province to pay for university. Eventually the adventure was in exploring new countries as a young adult, big rivers and mountains as a student & guide and of course there's the adventure of finding my way home to work with youth as a staff at Educo from 2009-2014.

Theses days the adventure is once again close to home- I have built a small silviculture operation based in 100 Mile. I enjoy splitting my volunteer time acting as the trainer for South Cariboo Search and Rescue and as secretary to the Board of Directors for Educo. I live in a barn, raise bees, have a super cool cat and a great partner of 13 years. My secret weapon is- simply- getting things done.

I don't know what's waiting for me on top of the next mountain of a project I choose to climb but I'm proud to serve Educo the best I can to ensure it is ready and thriving on its own next adventure.

Sincerely,  
Dani Kidston
